How You Might Serve:

- Interacting with residents of an **elder care facility** by playing games, making crafts, and hanging out with them. We will also have the chance to assist the staff of the facility with necessary tasks.
- Helping **elderly residents stay in their homes** longer by doing some deep cleaning, simple repairs, and cleaning up in their yards.
- Assisting at the **local food pantry** by cleaning, stocking food, unloading trucks, setting distribution tables, working in the clothing ministry, and helping facilitate the distribution and organization of products. Help residents shop and unload deliveries.
- We will also have the chance to **serve at a kid's camp** with elementary-aged inner-city kids. Working alongside counselors, they will choose, plan and organize activity stations.
